Biography

- Educational**
I have a Master's degree in Education. I have taught all levels of students from k-12, college degree in Geography which makes me very inquistive about people from around the world.
- Professional**
I have 18 years teaching experience in public education and private adult education. I have 16 years in software development and elearning.
- Personal**
I love talking to people from other countries. Its a learning experience to gain an understanding of other countries. I will offer a kind conversation to anyone that wants to learn English. My best gift is that I always try to make the student feel safe and comfortable as new learners trying to better themselves. I welcome your call.
